

REMARKS

Amended Claims

Applicant has amended Claims 3, 22, 23 and 28 to correct inconsistencies in the claims. In particular, Claims 3 and 28 have been amended to correct “first actuator means” to “electromechanical actuator means” in conformance with Claim 1. Claim 22 has been amended to remove a typographical error. Claim 23 has been amended to correct the antecedent basis for the retracted position.

Conclusion

It is believed that this reply places the above-identified patent application into condition for issuance. Early favorable consideration of this reply is earnestly solicited.

If, in the opinion of the Examiner, an interview would expedite the prosecution of this application, the Examiner is invited to call the undersigned attorney at the number indicated below.
